Ike Proclaims Thanksgiving; Urges Prayers

Starts Work on Message On State of The Union

Washington—President Eisenhower issued a Thanksgiving proclamation today counseling Americans to "be grateful that the foundations of freedom in our nation grow stronger with each passing year, giving hope to fettered people."

In setting aside Thursday, November 22 as a day of national thanksgiving, the President called on citizens to pray this year "not only in the spirit of Thanksgiving, but also as supplicants for God's guidance, to the end that we may follow the course of righteousness."

Eisenhower and some of his top aides also began work today on the President's annual state-of-the-nation message, to be delivered to Congress shortly after it convenes in January.

Ike Confers With Dulles

In the middle of the day Eisenhower drove to Walter Reed Army Hospital for a conference with Secretary of State Dulles.

The state-of-the-union message sets out the President's legislative program for the year ahead. Some preliminary work on the document has already been done in the Government departments and agencies that make recommendations on what it should include.

Sherman Adams, the President's chief aide, was reported to be working with him on the message, as well as Wilton B. Persons, Adams' deputy; Gerald Morgan, White House Legal aid.

Lions Club Minstrel November 29th

What will you be doing a hundred years from now? The answer to this and to many other questions will be forthcoming on the night of November 29th when the Lions Club of Whitesburg stages its annual Minstrel Show.

This year the Lions have really gone out of this world to bring you the tops in entertainment and scientific research. They have outdistanced both the United States and Russian governments in their satellite programs and will have on hand for the program not only the Ambassador from the planet Venus but also a genuine honest-to-goodness Monster from Mars. Incidentally, this Monster is neither honest or good but, she or it is quite lively and will do a song and dance act the like of which has never been seen in Whitesburg before.

Although it is a great blow to the insurance world, Mr. Jack Swisher has changed professions and after November 29th will be known as Mr. Atom Bomb Swisher, the radio reporter who brings you news with a bang.

Troy Stallard, director of this year's show, has been pleading for weeks to try to persuade Bill Blair not to be blackfaced this time but to no avail. Bill has been cast as Mr. Exodus and Byrd has the choice role of Plutonium.

D. S. Setzer, departing from his usual serious dramatic parts plays one of the naughty Gas Twins. He is cast as Hydrogen Gas and Roy Reed Waddell, in his first appearances in a Lions Club show, plays the part of the other twin, Helium Gas. Their pappy is that tall handsome character, Ionize, portrayed by Orval Hughes and when the makeup crew finishes with him he will be tall, very very dark and handsome.

Jack Cox in past years has shown great promise as a Can-Can dancer. However he is a very versatile performer and will appear as Mr. Uranium, 238 that is.

Although Stallard showed very poor judgement in putting three Fields together, the quartet will be composed of the Fields boys Follace, LeRoy and Emmitt and that answer to a maiden's prayer, Trooper.

Two other Lions (and we'll let you guess who) are now undergoing operations to have their brains replaced with electronic gadgets so that they can be more realistic robots.

Fred Coffey and Dr. Allyn Judd are playing secret roles, so secret in fact that even they haven't been told about what they are to do.

It goes without saying that the Quillen was awillin' to take the most dangerous post and that he will be in there slugging.

Be sure to make your plans to attend this performance for your life will not be complete until you see the Ambassador from Venus. Also, the monster from Mars is such a cute little trick that the Club may decide to auction he, she or it off and you will certainly want to be there to bid. Watch next week's paper for more details on this great scientific and entertaining spectacle.

She is perhaps best known for a series of stories some eight years on conditions in Kentucky mental hospitals which helped bring about reorganization of the program coupled with increased financial aid from the state.

She will work with her husband in operation of The Mountain Eagle.

THANKSGIVING

Nearly 350 years ago the Pilgrims proclaimed a day of thanks following their first harvest in the new world to which they had but recently come. In succeeding years Thanksgiving was proclaimed on various dates, but it did not become an annual national holiday until President Lincoln made the last Thursday in November a day of thanks in 1864. Since then, our chief executives have issued similar proclamations in each succeeding year. We have much for which to be devoutly thankful. Chief among these manifold blessings is the freedom we enjoy—the freedom to come and go, to congregate, to express our opinions, to vote, to carry on the day's work as we please, mindful only that we do not offend or harm others.

Now that Thanksgiving Day is approaching, it is time to reflect that we are possessors of this freedom, as well as our many other benefactions, only by the grace of Almighty God. It would be well if we, as a nation, acted more often as though we remembered Him and understood that He is something more than a name on our coins. It is time to bow our heads this 22nd day of November and, as we thank Him for His many priceless gifts, ask also for guidance and wisdom, as our President requests, in these dark days.

"Except the Lord build the house, they labor in vain that build it; except the Lord keep the city, the watchman waketh but in vain." (Scripture).

As the Thanksgiving season approaches, many of us look forward with anticipation to a day off from school or work, perhaps a journey to be with loved ones, and most of all to a day when we can stuff ourselves with rich foods and forget about eating sensibly or staying on a diet. While all these prospects are extremely pleasant, we should not allow them to distract us from the central idea upon which Thanksgiving Day is based. It is essentially a day to give thanks and ponder upon our many blessings.

Not the least of these blessings is our good health. We should all be thankful for the great amount of progress medical science and public health has made toward keeping us and our families in good health.

The Letcher County Health Department and the Kentucky State Department of Health help Letcher countians to achieve the blessing of good health every day in the year. When we buy food in the store, thanks to efforts of the health department, we can be reasonably sure that it is pure and healthful. How fortunate we are that we can choose an inspected restaurant at which to eat with the assurance that food served is safe and wholesome.

Controlling communicable diseases is another valuable service of your county health department. How much more blessed are we today with programs for prevention and control of such diseases as polio, diphtheria, smallpox, tuberculosis, and whooping cough than people in past years when epidemic of such diseases ran rampant.

Today the public health is safeguarded in many ways of which many of us are blissfully unaware. However, if regular inspections of milk, food, public water supplies and waste facilities were suddenly discontinued, we would soon realize just how important these services are to our way of life.

Yes, Thanksgiving is a day when we, here in Letcher County can count many blessings of bountiful harvest, safe and wholesome food, and great strides forward in the fight against disease. As you enjoy this holiday, you might well take time for thinking of all these things and look forward to the future, when perhaps, we will make even greater progress.

It's Turkey Time

A New way to buy turkey is to be found in the frozen stuffed birds, ready to roast. Skillfully prepared, the commercially stuffed turkeys have been quickly frozen at 30 degrees below zero, a temperature seldom maintained in the home freezer and never in the compartment of a refrigerator. Mrs. Pearl Haak, Extension food specialist at the University of Kentucky, cautions that when such turkeys are bought, the direction on the wrapper, to roast without thawing, must be strictly followed. From 2½ to 3 hours longer roasting time will be required than for the home-stuffed bird.

Advance stuffing of the bird, and refrigeration for later roasting, is not recommended under home conditions, it is emphasized. Instead, the bird should be stuffed just before it is placed in the oven.

However, the making of the dressing at the last minute can be done more quickly if certain advance preparation is done. In the recipe below, the dry bread and cornbread crumbs may be combined and stored at room temperature. Celery, onion and seasonings may be stored in a tightly covered jar in the refrigerator. The broth from advance cooking of the giblets should also be refrigerated.

CORNBREAD STUFFING: Heat 1 cup of turkey broth and pour over 2 cups of dry bread crumbs

and 2 cups of cornbread crumbs Cover and let stand 5 minutes. Add 3-4 cup chopped celery, 2 tablespoons chopped onion, 1 teaspoon each of salt and powder sage, and 1-8 teaspoon black pepper. Mix well, then add one beaten egg and 1 cup milk. Stuff both neck and body cavities, packing lightly for expansion.

Regardless of the size of the bird, set the oven thermometer at 325 degrees. Place the stuffed bird on a rack in a shallow pan. Do not add water nor cover the pan. A white cloth, dipped in fat and placed over the bird will keep it from drying out or getting too brown. Basting with pan drippings or melted fat should be done several times during roasting.

The 4-to-8-pound bird will require 3 to 4½ hours; 6-12 lbs. 3-1/2 to 5 hours; 12-16 pounds, 5 to 6 hours; and 16-20 pounds 6 to 7-1/2 hours. Plan the roasting time so the turkey will be done 30 minutes before serving. The waiting period helps to make the meat juicy and carving easy. The turkey is done when the leg joints move easily, and the flesh on the leg is soft and pliable when pressed with the fingers.

Spot of the bloodiest Indians massacre in Kentucky's history is Wilderness Road State Park, near London.

Every year, it takes less time to fly across the ocean and longer to drive to work.

TREES WILL GROW FASTER GIVEN PLENTY OF ROOM

U. S. Department of Agriculture forest workers recently proved that trees need plenty of room to grow and develop properly.

Workers thinned a nine-year-old stand of loblolly pine from 1,100 trees to 100 trees per acre. They were testing effect upon root development and tree growth.

At thinning time, well-developed root systems reached just a little more than three feet from each tree and covered less than 10 percent of the total area on which trees were planted. Two years later, when the stand was rechecked, both roots and tops had expanded to about the same degree. They covered about 30 percent of the total area.

HUBERT DAVIS ARRIVES TO WORK WITH FARM GROUPS

Mr. Hubert Davis, of London Area Agent in Farm and Home Development is returning to Letcher County to work with the Little Cowan and Jeremiah Farm and Home Development groups. HOLIDAY RECIPE FOR SAFE DRIVING

"Don't rush yourself to death in holiday traffic," Commissioner of Public Safety Don Sturgill warned Thanksgiving day weekend travelers today.

He emphasized that 18 persons lost their lives in Thanksgiving Day Weekend road crashes last year. "The Thanksgiving highway death toll was 16 in 1954 and 15 in 1953," Sturgill said.

"Getting off to a good start is essential to enjoying a safe trip," the state official said. Heavy traffic volumes are expected as many thousands of families plan for "back home" reunions this weekend.

The Commissioner said a good start calls for three ingredients in the recipe for safe holiday driving:

1. A car ready to travel in any kind of weather.
2. A driver who is fit physically and alert mentally.
3. Allowance of ample time for unhurried driving.

"In case of rain or snow, visibility will be cut sharply," Sturgill pointed out. "Unless windshield wiper blades and defrosters are in good working order, the driver's view ahead may be curtailed considerably. Stopping for emergency replacements or repair is far safer than to continue the trip with poor equipment."

The safety official urged motorists to check tires and brakes before undertaking a holiday journey, warning that bad weather could cause roadways to become slippery from freezing rain, sleet, snow or ice.

"Adjusting speed to changing road conditions is imperative to avoid accidents," Sturgill declared.

He advocated checking on one's self as well as one's car. "Fitness to drive involves knowing and obeying traffic laws, and driving only when a person is mentally alert and physically capable of doing a good job behind the wheel," he observed.

The William Whitley House, between Stanford and Crab Orchard, was the first brick house west of the Alleghenies. It is now a State Shrine.

Thanksgiving Conference Camp Nathanael

The popular Thanksgiving Conference will be held again this year at Camp Nathanael beginning with supper on Wednesday, November 21 at 5:30 o'clock and it will end Friday morning after breakfast. There are accommodations for those who plan to come and stay over in the winterized dormitories. Meals and lodging are offered without charge but offerings are taken at the main services to help meet the expenses. Reservations are coming in daily from those on our mailing list who have received announcements but anyone can write in to let us know they will be here. Children under twelve years of age must be accompanied by their parents.

Rev. Elton W. Crowell, of Lansing, Michigan, nationally-known evangelist and Bible teacher, and Director of the Gull Lake Bible Conference near Kalamazoo, Michigan, will be the main speaker.

A pastor for a number of years before entering his present work, Rev. Crowell has opened closed churches, conducted daily and weekly radio broadcasts, directed youth rallies, and founded a Bible Institute—now a Bible College.

Author of a book and magazine articles, he has also composed songs and choruses which are used in his meetings. His ministry has taken him into most of the United States, much of Canada and Latin America. Mr. Crowell has traveled nearly a million miles in reaching his varied appointments, using almost every kind of conveyance from modern planes to ancient ox-carts.

Audiences have numbered as few as 5 people, and as many as 10,000 people in services held in tents, civic auditoriums, bandstands and churches.

The evangelist served for five years on the evangelistic staff of Moody Bible Institute, Chicago, and has been active on both home and foreign mis-

sion boards. Besides his work of evangelism and Bible teaching, he directs the program of one of the nation's large and historic Bible Conferences.

During the brief conference there will be presented a variety of musical features each service which will inspire and challenge us. Why not plan to attend part or all of the conference? No reservation is needed for those just coming in for services.

HONOR STUDENT TO REIGN AS QUEEN AT PIKEVILLE

Pikeville, Ky. — An honor student and former high school valedictorian will reign as queen of Pikeville College's 1956 basketball homecoming Nov. 23.

Geraldine Smith, Sidney, Ky., Pikeville's first freshman May Queen last year, was elected homecoming queen by the student body of the college, Dr. A. A. Page, college president, announced today. She polled the highest vote of any of 12 candidates nominated by members of the Pikeville College Bears basketball squad.

Honorarian of her class when she was graduated from Belfry High School in 1955, Miss Smith was president of both the National Honor Society chapter and the Future Teachers' Association there. She has been an honor student at Pikeville, and is secretary treasurer of the present sophomore class.

The queen's coronation will take place between halves of Pikeville College's game with the West Virginia Institute of Technology, one of the toughest opponents on the Bears' schedule. The West Virginia Tech Golden Bears, who for two years were the nation's highest-scoring small-college team, trounced Pikeville 106-81 last November 28 at Montgomery, W. Va. when the Bears were on the tag end of a four-day, three-game road trip.

The top runnersup to Miss Smith in the election will serve as attendants at her coronation. They are Toby Ann Bussey, David, Ky.; Barbara Dempsey, Kermitt, W. Va.; Billie Jean Martin, Hunter, Ky., and Anna Sue Webb, Elkhorn City, Ky. All five will select their escorts from the Bears squad.

"ONE DAY'S PAY" GOAL OF GIVING FOR IMPORTANT NEED

"One-Day's Pay" is the goal of giving to the care of homeless children at the First Baptist Church, Whitesburg, as they give the annual Thanksgiving Offering to the support of 600 children now housed in the three children's homes.

Each year the Baptists throughout Kentucky observe this day when each can say, "I worked today for a homeless child." Many, who will not give this amount, will be making an offering in accordance to their desire to help in the support of the homes at Spring Meadows, Glen Dale, and Pine Crest.

Sunday afternoon, November 25, there will be open house at the newest of these homes, Pine Crest, at Morehead on Ky. 32 (Flemingsburg Road). This is two miles north of Morehead. The entire afternoon will be given in receiving visitors and showing them through this latest and modern group of cottages which will be the home of those who have no other care than that given by the Baptist churches in Kentucky.

The Thanksgiving Offering supports the three homes for ten months of each year, and the remaining care comes from the Cooperative Program, which is the mission giving of the churches. The Cooperative Program supports all the mission work of the Baptists, locally, statewide, and around the world. A percentage of each dollar supports the homes, but in order to care for the large number of homeless

children it is necessary that the special offering be taken at Thanksgiving of each year.

The First Baptist Church has special envelopes for the gifts to the homeless children, and all money received in these envelopes on November 25 will be sent directly to the homes. The envelopes may be handed in at any of the Sunday services. The entire amount will be used for the designated purpose, and there are no administrative costs for the distribution.

The prayer of the little child is an incentive for giving to this worthy cause, "Please, Lord, don't let them forget."

HEALTH FOR ALL

Winter time is often influenza time, R. D. Collins, M.D., Health Director with the Letcher Co. Health Department, says. In Ky. there were 4,844 cases of the flu reported in 1954; 3455 were reported during the first six months. There were 1148 cases reported in February 1954 and 1155 cases during March 1954. In July there were only 25 cases but by December the monthly total had risen to 808.

Influenza is caused by a highly infectious virus which is carried through the air from the nose and throats of victims. Dr. Collins lists these precautions to help prevent influenza from occurring in your family and community.

- (1) Build up your body's resistance. Include citrus fruits, green leafy and yellow vegetable and protein-rich foods, such as eggs, milk and meat every day.
- (2) Wear clothing that suits the weather. Hunt up the old galoshes or boots to keep you warm and dry on rainy or snowy days.
- (3) Be careful of sudden changes in the weather. Avoid drafts, and beware of sudden chilling.
- (4) Get enough sleep and rest. Don't become over tired, and then keep plodding on. Take time to stay healthy.
- (5) Get your share of fresh air and exercise.
- (6) Watch out for people who carelessly do not cover their coughs and sneezes.
- (7) Avoid crowds if colds or influenza are in your community.

SOUTHERN BELL TELEPHONE ASKS COMPANY TO EXAMINE THEIR RATES

The Southern Bell Telephone and Telegraph Company has asked the Kentucky Public Service Commission to examine its revenue requirements and approve rates that are fair to telephone subscribers and which will provide the Company a fair return.

In an application filed today with the PSC at Frankfort, Vice President and General Manager H. G. Bartee of Louisville, said that increasing costs have depressed earnings and that the Company currently is earning about 4 3-4 percent on the value of its Kentucky properties. This is much lower than the return being earned by comparable businesses in the state and too low to justify the additional investment required in Ky. to keep service good and expand and improve it to meet the full needs of the state, he added.

"For many years prior to 1947 while telephone costs were increasing, there were no increases in the price of telephone service. During the past 10 years, however, the full effects of inflation and rising costs have been felt by Southern Bell and its has been necessary to apply to the Kentucky Public Service Commission for increased rates," Mr. Bartee said.

"The rates authorized during this inflation period have been less than asked for and needed. In September of 1954 when the Commission set the present rates, we pointed out that they were inadequate and would not produce earnings as intended by the Commission. Since 1952 costs of providing telephone service—wages, taxes, goods and services as well as construction costs—have continued to increase. For example, there have been four employee wage-level increases, which require \$2,024,000 of revenue a year. Cost increases associated with additional investment accounted for another \$2,040,000—a total of \$4,064,000 for these items alone," he said.

"During the same period, rate increases totaling \$1,987,000 have been authorized. The remainder of the cost increase is not covered by the present rate schedule. In addition, many other items of cost have gone up," he pointed out.

"There is still a big demand for telephone service in Kentucky. We are endeavoring to meet this need and we have plans to spend about \$100,000,000 during the next four years for new facilities," Mr. Bartee said.

In the petition to the Commission, Southern Bell said that \$4,500,000 in additional revenue is needed to insure a fair return on the value of the Company's property in Kentucky.

WHITESBURG ROTARY CLUB YOUR ROTARY BULLETIN

Next Meeting—Tuesday, Nov. 20. Speaker—Dr. Bach. Guests—Ray Grizzell of Mt. Sterling Rotary Club, Rose Venia and Glenna. Absent—Lewis, Dr. Bach, Clel, Huston.

Ray certainly gave us a good program on Letcher County Pioneers and history. Seems most of us are "cousins" and didn't know it. Only one hitch to Ray's talk—Gene, Clel and Lee are demanding equal time to defend the Methodist, Baptist and Presbyterian. Looks as if our programs are taken care of for some time to come.

Surely good to see Preston back with us, feeling fine, and enjoying the steak dinner along with the other winning members of the team. We doubt if they could have won without an assist from Venia and Rose.

Believe we have said so several times before but we'll say again that the whole Club is indebted to Glenna for playing the piano for us. Just don't know what we would do without her.

Dr. Lee reports that Joe did an excellent job with the Scout drive with special thanks to Jimmie and Huston for their efforts.

Our District Governor will be with us on December 11th. If your reports are not already in, be sure to make them before that time.

Dr. Bach has the program for next week and we can always depend on a good one from him. Let's give him a 100 percent meeting.

Ministerial Assn. Promotes Bible Reading

Participation by this community in the Worldwide Bible Reading Program, sponsored annually by the American Bible Society, will begin on Thanksgiving, it was announced today by the Rev. Eugene K. Meyers, secretary of the Whitesburg Ministerial Association.

The Association is circulating lists of Scripture selections to be read daily from Thanksgiving thru Christmas. The reading lists are in bookmark form, to be kept in the Bible. Nearly 50 million copies of the Worldwide Bible Reading booklets have been published in some 50 countries all over the world.

Churches in the community will distribute the booklets and each child in the local elementary and high schools will receive a booklet. Local radio stations will doubtless join the nationwide broadcasting outlets in carrying one-minute readings from each day's Bible selections the Rev. Mr. Meyers added.

Ministers and laymen throughout the country from over 40 denominations assisted in the selection of readings. Each selection is without note or comment and is non-sectarian in character. The period of intensive reading includes observances of Universal Bible Sunday, December 9, 1956.

Worldwide Bible Reading is sponsored by a distinguished committee of laymen, headed by President Dwight D. Eisenhower.

SCHOOL MILK PROGRAM GREATLY INCREASED

More than 23 million half pints of milk were served to youngsters in 1,180 schools in Kentucky last year in a special milk program.

According to a report from the U. S. Department of Agriculture, more than twice as much milk was served to children in the public schools of nine southeastern states as in the previous school year, the number of schools increasing from 8,499 to 11,581 during the peak period. The quantity of milk served increased from more than 91 million half pints to more than 195 million half pints, a gain of 114 percent.

Federal funds used to help pay part of the cost in the region also more than doubled, amounting to \$6,939,640 the past year.

In addition to public and private schools, the special milk program for this year has been expanded to include nonprofit schools, child care centers, settlement houses, summer camps and similar institutions devoted to the care and training of children.

TESTED BAKING INSTRUCTIONS
Saw off hock, place ham in a vessel, cover with cold water, and soak for ten hours. Remove from water, scrape and clean thoroughly. Place in roaster, skin side down, add one inch of water, pour into this one cup of cooking wine or one cup of vinegar and one cup of brown sugar. Bring to a boil on top of stove. Place top on roaster, put in 250 degree oven, bake at this temperature two and one-half hours. Then turn ham skin side up and continue baking until a long tined fork will easily penetrate to the bone and withdraw easily. Take ham from roaster, place in shallow pan, remove the skin, working with care. Cover top of ham with a paste made of one cup of brown sugar and grease cooked out of ham. Place in a 350 degree oven and brown, watching closely to avoid scorching. Ready to serve when cool enough to slice. Keep carving knife sharp and SLICE THIN for best flavor.

FOR PERFECT FRYING
Slice ham from one-eighth to one-quarter inch thick; place in warm skillet, turn heat on medium and cook slowly Turn back and forth until done. AVOID OVER COOKING! That makes it tough. If slices tend to curl up, press flat while cooking with a hot cake turner or a broiler weight. 2XC 15-22.

Tom Gray's Dream of the Hell-Bound Train

By Lee Daniel

Tom Gray lay down on the bar room floor,
Having drunk so much He could drink no more;
So He fell asleep with a troubled brain.
To dream He rode on a hell-bound train.

The engine with blood was red and damp,
And brilliantly lit by a brimstone lamp;
An imp for fuel was shoveling bones,
While the furnace rang with a thousand groans.
The boiler was filled with lager beer;
And the Devil himself was the engineer.

The passengers made such a motley crew;

Church member's, Atheist, Gentle and Jew,
Rich Men in broadcloth and beggars in rags,
Handsome young Ladies and withered old hags,
Yellow and black men, Red, brown and white.
And all chained together—a horrible sight.
While the train dashed on at an awful pace.

And a hot wind scorched them on hands and face.

Wilder and Wilder the country grew
As faster and faster the engine flew;
Louder and Louder the thunder crashed.
And brighter and brighter the lightning flashed.
Hotter and hotter the air became,
Till the clothes were burnt from each quivering flame

Then in the distance there rose such a yell,
Ha, Ha, croaked the Devil, we're nearing Hell.
Then oh how the passengers shrieked with pain.
And begged of the Devil to stop the train;

But He capered about and sang with glee,
And laughed and joked at their agony.
My faithful friends you have done my work,
And the Devil can a pay day shirk.

You have bullied the weak, you have robbed the poor,
And a starving Brother turned from your door;
You have laid up gold where the tanker rust,
And given free to your fleshly lusts;

You have justice scorned and corruption sown,
And trampled the laws of nature down.

You have drunk and fioted murdered and lied.
And mocked at God in your hell born pride.
You have paid full fare, so I'll carry you through.

For its only right you should get your due;
Why, the laborer always expects his hire,
So I'll land you safe in the lake of fire,
Where your flesh shall roast in the flames that roar.
And my imps torment you more and more.

Then Tom awoke with an agonized cry.
His clothes soaked with sweat, his hair standing high.
And He prayed as he never had prayed before,
To be saved from drink and the Devil's power;
And his prayers and his cries were not made in vain.
For He never more rode on the hell-bound train.
So my friends be not deceived—no drunkard shall enter the kingdom of God, I Cor. 6:9-10.

LAUGH LINES
If we could see ourselves as others see us the chances are we would deny it.
Trouble is usually produced by those who produce nothing else.

Moderate griping is a sign of

health.
Remember the Navy commander who, after going all out to be sure his crew got turkey for a Thanksgiving dinner far from home, received as his accolade the statement, "Too dm'd much white meat."

The mark of an educated man is to see something in a mud puddle besides mud.

Irate wife to husband: "I'm not trying to start another argument—this is the same one."

If you are rich, and drink—you're an alcoholic. But, if you are poor and drink—you're a drunk.

CHILDREN GIVE DAD GOOD RACE IN BEEF SHOWING

Frankfort, Nov. 22—It was daughter and son against poor ole dad... with their entries at the 11th annual Bourbon Beef Show, Bourbon Stock Yards, Louisville.

Little Jane Ann Reeves and her brother Billy came mightily close to tying their father, M.W. Reeves, Sr., Hodgenville, for honors with their Aberdeen Angus steers, entered in the show.

Jane, 8, came in 12th and won \$5 in the youth-division heavy-weight steer class. Billy, 13, took 10th place and won \$10 in a 17 entry steer class.

That made them about even with dad who got seventh prize of \$15 in the field of eight competing in the adult-division heavy weight steer class.

Dressed in a red and black cowgirl suit, complete with fancy boots and cowboy hat, Jane was the center of attraction as she showed her steer, 'Black Beauty' in the ring at the stockyards.

Completing for the first time in a show, the young miss showed the aplomb of a veteran exhibitor. She handled the bulky animal with such skill that only once her father was called to help her lead the steer.

Billy won the grand championship three years ago at a district show. He has been exhibiting registered beef for the last five years.

The Reeves family lives on a 400-acre farm between Hodgenville and Elizabethtown.

ON THE HILL

By BETTY PRATT

Everyone on the hill is certainly glad to see Mrs. Combs back, but the Journalism Class was practically hysterical with joy. We'd like to congratulate her for being a grandmother again.

Our thanks go to Mrs. Ann Vermillion and Mrs. Sam Collins Jr., for substituting for Mrs. Combs.

The visitation day was a huge success with 126 parents visiting our school. The Speech Class gave a remarkable program at 2:00. The remainder of the students were allowed to go home at that time.

On Thursday of last week the annual staff completed 15 pages of the "Yellowjacket" and sent to the press. We really worked hard and we appreciate Miss Jan Combs' sacrifices so that we might have a yearbook. You people who haven't gotten your Yellowjacket had better hurry. You'll really miss the fun in the Spring when everyone else is enjoying the cute pictures that we have sneaked.

Friday, Nov. 16, Rev. Meyers of the Methodist Church substituted for Miss Jan Combs. I must say he is really some short hand teacher. Right Girls??

On Monday, Mrs. Tate, a representative of Virginia Intermont, talked to the Senior girls about the advantages and credits of this school.

November 27 will mark the opening of the basketball season for Whitesburg High School, when we meet Kingdom Come on the Whitesburg hardwood. This promises to be a good game so everyone be on hand to send these boys into a winning season by yelling them on to victory.

The school would like to express its appreciation for the support of the business firms in town. The large schedules for this year's basketball season are now on display, compliments of Zenneth Bentley Grocery.

On Monday a new electric, automatic bell was installed. Everyone thought it was a fire drill when they first heard it but after they have gotten used to it, it's much better.

The bulletin boards in the high school hall is decorated very attractively and appropriately now. The theme is "How Fish and Wildlife Conservation can Benefit My Community." Every student in school had to write an essay on this subject so they are (or should be) well versed on it.

The American Bible Society has issued leaflets with a daily Bible reading for each day from Thanksgiving to Christmas. This is the 13th annual worldwide Bible reading so we should all take part.

That's all the news for this week kids! I guess by the time you read this you'll be stuffing yourself with Pumpkin Pie. At least that's what I'll be doing.

See ya after the 2 day vacation. Til then remember To Be Thankful and Count your Blessings too.

—BETTY.

WHITESBURG CLOSES
FOOTBALL SEASON

The Whitesburg Yellowjackets closed out its football season last week with a 38 to 6 loss to Middlesboro. This gave Whitesburg an overall record of 5 wins and 5 losses. Middlesboro showed superior line play and

backfield class in stopping Whitesburg 38 to 6, with Loyd Hodge scoring Whitesburg's lone T.D. Both teams played hard Middlesboro getting the edge as Whitesburg gambled several times on 4th down and lost.

Congratulations to Coaches Moore and Bates for that 5-5 record. Last year Whitesburg lost 8 players, and that left quite a rebuilding job. It looks as though the coaches have done a good job in the rebuilding department.

This past weekend all of the coaches in the E. K. M. C. Conference got together and elected E. K. M. C. 1, 2, and 3 teams. Whitesburg placed two players on the first team; End Robert Wright and Back Loyd Hodge. Congratulations boys.

Also during this meeting a committee was appointed to study the idea of splitting the Conference—Letting the five teams in the Whitesburg area (Hazard, M. C. Napier, Jenkins, Fleming, and Whitesburg) play each other as will the five teams in the Pikeville area, (Pikeville Belfrey, Paintsville, Prestonsburg, and Elkhorn City). The winner of each division would then play each other for the Conference Championship.

Pikeville was given the EKMC Schedule.

Why Southern Bell is Asking For a Thorough Study of its Kentucky Rates and Earnings

A lot of things have happened to the cost of providing telephone service in Kentucky since 1952:

1. Four general wage increases have added \$2,024,000 a year to our costs.
2. Cost increases associated with additional investment in Kentucky amount to another \$2,040,000 a year.
3. Taken together these two items alone have boosted the cost of furnishing telephone service in Kentucky by more than \$4,000,000 per year.
4. Additional revenue from rate increases during this period failed by far to cover these added costs alone, to say nothing of other cost increases.

As a result, Southern Bell earnings amount to only about 43/4 per cent on the value of the Company's Kentucky properties. This return is lower than that of comparable businesses in the state and too low to justify the expenditure of the \$100 million needed during the next four years to keep in step with Kentucky's progress and telephone needs.

For these reasons, we have asked the Public Service Commission to approve rates that will provide a reasonable return on our investment in the state.
